MORI

A new addition to our collection, Mori. As the forest grows naturally in a pattern random but clear, Mori shelves grow in many ways randomly clear for your books, lights, statues and memories. And like forest - mori - is adaptable to its natural surroundings this shelf can be set in different environments, with different shapes, angles and harmoniously organic flow.

DESIGNERS

Asobi is a design studio established by Gorazd Malačič in 1999. The studio made its international debut in 2005 at the London Design Festival with their prototype of the spellbinding Isle Lounge sofa. In 2006, Asobi received the Design Distinction (Silver) Award in I.D. Magazine's 52nd Annual Design Review for their fluid, futuristic Gwig LED luminaries. In 2014 Carbon Light, a high-performance modular LED suspension light, was selected as a finalist in lighting products at the Architizer Awards. Mori is the latest and newest in a series of extraordinary products designed by Asobi.

TECHNICAL DATA
