We explore new horizons, aiming to feel the Dream with our fingertips, in a search for protection, safety and well-being.

The essential and the authentic take center stage, as does the desire for wonder with a clear and conscientious approach.

Let us share origins and connect with our own humanity, recreating narratives of the past in modern tales, with rich embroideries and exquisite jacquards in a perfect symbiosis of technology at the service of ecology.

Let us rediscover our own essence through the Authentic.

MAISON IN/OUTDOOR

Yarn dyed fabric with a Panama structure in natural colors that can easily be combined with other Aldeco's In/Outdoor collections. Easy maintenance fabric, machine washable (without centrifuge) and doesn't need to be ironed, maintaining its immaculate appearance at all times.

BELLE TWEED IN/OUTDOOR

Inspired by classic and elegant tweeds, this incredible fabric takes us to a sophisticated environment with its mix of carefully selected colors.

LIBERTÉ IN/OUTDOOR

Jacquard fabric with geometric motifs, as a reinterpretation of the classic pied-de-poule. With high resistance to abrasion and sunlight like the rest of the collection, Liberté In/Outdoor is simply irresistible and timeless.

TERRASSE IN/OUTDOOR

Jacquard fabric with geometric motif inspired by the deconstruction of the wood grains of the typical constructions of the terraces in Comporta.

PRIVÉ MELANGE VELVET FR

Privü Melange Velvet FR is a silky jacquard velvet with a yarn dyed and high, shiny pile. This voluminous fabric with very discreet and elegant mixed colors allows better combinations in projects and decoration. With OEKO-TEX certification and with a resistance of over 45,000 cycles of Martindale abrasion test, this wonderfully rich velvet is presented in a palette of 12 colors simply blended.

LUMIÈRE JACQUARD VELVET

Carded jacquard velvet with a detailed geometric design. The color combination present in each reference is enriched by the twisted effect of a bright yarn that contrasts with the rest of the design, making it simply irresistible.

CAROUSEL CORD

Rich and elegant jacquard fabric that represents the simple and unique construction of a rope in a twisted, clean and organized way. This element is present on the rods of carousels and is represented in a very simple and architectural way. Each color has 3 different yarn colors, which makes it easier to mix and match with the rest of the decor.

ZEUS

Zeus, also known as the Imperial Zebra is a Grüvy that was discovered in West Africa.

Zeus is the star of the Historic Carousel & Museum in Albany and was adopted by Char Walters, whose favorite saying was: "If you hear hoofbeats, expect horses not zebras." Char called her new zebra "Zeus" because its proudly held head makes it look majestic.

Zorba is the playful demeanor monkey hanging from a vine that Zeus is holding in his mouth.

Nature is the star of this embroidered fabric, where the imposing meets the beautiful and where the animals play in a dreamlike way, as if they were part of a carousel, dancing and celebrating nature.

Zeus embroidery combines diverse embroidery techniques present in each of its elements, bringing a unique and rich look to this satin, as if a carousel.
