DESIGN & COZY

Collection 2021

A collection of several knitted cushions in shades of orange and red, arranged on a sofa. The cushions feature various textures, including a prominent cable-knit pattern and a smoother ribbed texture. The background is a neutral, light-colored wall.

Decortrico translates the essence of knitting into exclusive décor products. It adds a cosy and yet sophisticated touch to any room.

Through the art of Knitting, we make inspiring textiles with a unique design. Blankets, bed throws, cushions and placemats are part of our range of products on offer.
