AUTUMN - WINTER 2022 COLLECTION

pottery is our nature

We breathe design and nature. That's why we develop unique elements, mainly ceramics, wood, wicker or glass. These interior objects offer you countless possibilities to infuse your home with green. No matter if you live in the countryside or in a modern urban hide-out where every inch matters. And do not forget to add a touch of design to your outdoor setting if you have a garden or a terrace.

Pottery is our nature. It's what excites us and triggers our curiosity. For each and every design we look for the perfect balance between flowers, plants and interior. Every day we create pieces which are not restricted to one single space or setting. Thanks to our pottery designs, you can make arrangements with flowers and plants to fill your home with greenery, no matter which season.

Twice a year we present you our timeless and new collections, all with an authentic feel. We love to use natural materials which you can combine endlessly. The wide variation in the collections result in different themes so you can always find the perfect match for your interior style.

D&M was founded in Belgium in 1992, so you can rely on more than two decades of expertise when it comes to textures, techniques and materials for all our designs. Today we are a trendsetter in the sector, and we are always looking for sustainable materials and production processes. From photography to graphic design and styling of the boutiques: our young creative team puts a very own D&M stamp to every space – also yours.

This unique natural looking collection is made from recycled paper and clay. If you would place these pots in the forest, after 45 days they will have become almost completely one with the earth.This shows how we can participate in reducing our carbon footprint.

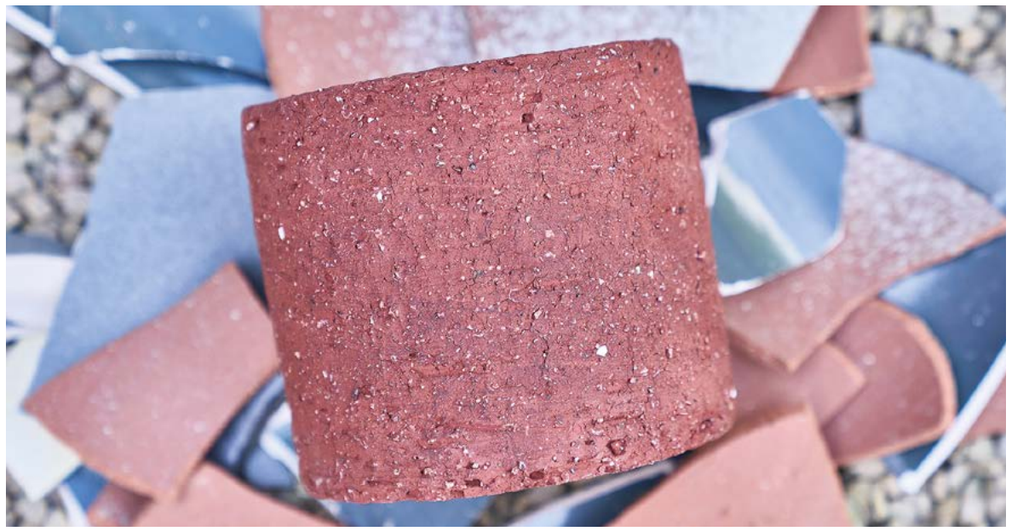

D&M is always looking for innovative yet sustainable materials. **CICLE**'s unique raw finish is the result of sculpting with a mix of 70% recycled ceramics and 30% new clay used as a binding agent.

This sustainable and artisanal method of production is innovative and helps transform ceramic waste into a magnificent pot collection.

DILUTE CERAMICS

A thrilling way to bake a big batch of pots is to light up the dragon kiln. This massive traditional wood-fired kiln is long and slightly elevated. Once fired, the three-day process starts. It is impossible to get an equal temperature in the kiln. The results are pots full of character due to their own unique finish. Now that's quite a story behind a pot right?

KAROO RECYCLED PLASTIC

We are on a mission to create as many urban green spots as possible. That is why we have found a solution to upgrade every city terrace or garden into a real green oasis. **KAROO** is a solution to create green walls just where you need them. One **KAROO** holds 9 different plants, and you can keep on combining them to fill up an entire wall. On top, **KAROO** is made of HDPE, recycled plastic and is entirely produced in Belgium. Let's all go for a greener world, one **KAROO** at a time.

OSKAR

He’s a funny one, our OSKAR. Always cracking jokes, making sure everyone around the table is having a fabulous time. In fact, he’s happiest when that table is overflowing, pushing his
Nepal pictures, breakfast bowl and that Miranda July book he’s been wanting to read off to the far end to make some room for tonight’s company.

Because with OSKAR, there’s always company. One day there’s a bunch of friends over from his stint in Valencia, the next he’s cooking beef stew under the scrutinous eye of his grandmother, author of the family recipe.
He may not be a father—yet—but OSKAR’s definitely got the makes of a family man,
treating his girl as well as his friends to the same hospitality he would his wild bunch of cousins.

Sounds traditional? Well, maybe. OSKAR likes his coffee the regular old shade of black and buys leather loafers ‘because they last’.

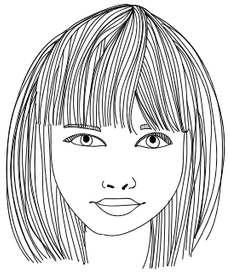

Yet he isn’t one to strictly follow the rules. Sure, spoons are for dessert and coffee comes
after—usually. But rules are boring and so is classic china on a table that’s full of life.
So OSKAR doesn’t quite mind whether the amuses he serves come in the same bowls as the home-grown parsnip soup he had for lunch. Life’s too short to worry about etiquette, which is not to say there isn’t any place for
refinement on the table. Much to the contrary. Ask any of OSKAR’s friends and they’ll tell you how much of a treat it is to be sat at that endless wooden dinner table of his.

Basically, OSKAR’s just an honest guy who
loves good company, full plates that soon turn empty and that touch of je ne sais quoi that can only be sparked around a meal made with pizzazz. Good times, no fuss and big smiles. That’s OSKAR.

Nice to meet you.

Meet LEA, OSKAR's first cousin, a slender damsel of a tableware set comprising of twelve pieces, from bowls over plates to pitchers. Free of any pretence, this series' simplicity consists of pure shapes, one after the other cast in moulds in the country that gave birth to fine porcelain and ended up naming it, too: China. The hand-painted Midnight Blue contrasts beautifully with the grey lining the inside of bowls and jugs alike, while the Sky Blue series is subtly signed with a handful of inked freckles.

In a grand mansion, somewhere in Antwerp, at a long wooden table covered with piles of various cups and plates, we meet YANN, OSKAR's favourite uncle: a down to earth tableware collection. Always quick with a joke, nevertheless very conscious of his surroundings. Look at his colours: earthly reddish brown, crème de la crème and versatile black. To know YANN's lovely character, is to know his nine handmade shapes, always fitting in, yet very different.

SHOP IN **SHOP**

The D&M-in-shop concept was conceived and developed to present D&M products in an inspiring way in a shop or showroom environment, in line with the overall look and spatial constraints of the shop, the customer's wishes or options. Depending on these parameters, we will create a compact, stylish showroom area where you can display and present the D&M assortment, optionally add matching furniture, or event integrate the D&M presentation systematically in the shop or showroom.

Store managers who are interested can discover the different possibilities by appointment.

STORE ATMOSPHERE MATTERS TO YOUR CUSTOMERS

The atmosphere in your store is key for customer experience, the most important element of retail today. Your customers are likely to make purchasing decisions based on the inspiration they find in the presentation and colour combinations. It's imperative that you remember the role your store's atmosphere can play in its success. So, if you want to increase your overall sales, attract new customers and retain existing ones, follow these styling tips:

Style in diagonal blocks and try to find a balance.
Tip: Repetition brings peace.

Make a combination with 2 or maximum 3 colours.
Tip: Combine the different colours depending the occasion or season: Christmas, Holidays, spring/summer, fall/winter.

Style by collection
Tip: Style different sizes from one collection in the shelf, move to the next collection and handle the same way. Proceed in the same way until all collections are styled in the available shelves.

Keep D&M collections together. We design our collections to find a continuity in styling and harmony presentation.
Tip: You can mix different collections from different seasons. The materials and colours find themselves again.

Make a pot + plant combination.
Tip: It will boost sales!

STYLING GUIDE

With the right styling, you will transform your shop into a real experience. Pure materials, natural colours and classy shapes is our thread throughout our collections. The power of simplicity and yet an eye for detail is what our company stands for. With this in mind, D&M is here to give you advice on how to style your shop and boost your sales.
