# LEATHER SERENE

IT IS WITH GREAT PLEASURE AND  
PRIDE THAT WE PRESENT TO YOU  
A NEW TYPE OF LEATHER TABLE  
MATS: **SERENE**

Using only the finest techniques, the soft recycled leather, SERENE, is an exclusive addition to the existing qualities created from 80% granulated surplus leather from the fashion and furniture industry mixed with 20% natural rubber from the rubber tree.

The SERENE collection is available in 4 sizes of table mats: Curve L, Curve S, Square L, and our new Square M. In addition, it is available in our 3 standard shapes of glass mats: Curve, Square, and Circle. SERENE comes with a beautiful surface structure, dyed with water-based colours, and is available in 8 contemporary colours: Cream, Ash, Mole Grey, Anthracite, Black, Nature, Hazel and Moss.

## SOFT - FLEXIBLE - DURABLE

Leather SERENE is a very durable type of leather and differs from our other qualities by being softer and more flexible, without compromising on strength and durability. The combination of these qualities makes SERENE stand out as our most authentic, high quality, leather type, which is very easy to clean due to a durable sealing coating. Contrary to our other qualities, SERENE can be rolled up, and, when unfolded, it will lay flat on the table. Add SERENE table mats to your table setting or simply use one as a perfect decorative element. As a nice gesture, gently roll up the SERENE mat and tie it with our napkin loop.

As for the rest of our table mat collections, we are proud to offer lifetime guarantee on the SERENE collection as our ultimate quality guarantee.
