

FOR A CLEAN-LINES KITCHEN

Keeping a neat and tidy hygienic kitchen is a breeze with the new arrivals from Eva Solo. The Broom and dustpan set easily handles wet and dry sweeping of crumbs and coffee grounds from the kitchen floor. The dishcloth tidies away discreetly on the side of the kitchen sink in the new hygienic holder. The popular and resilient waste sorting bags are now out in charcoal grey. The bags make it second-nature to sort cardboard, paper, metal, glass, plastic and electronics in style for recycling and a greener environment.

Broom and dustpan set

The silicone bristles can be rinsed in hot water to keep the broom clean and hygienic at all times. When not in use, the broom stows in the dustpan, so the set takes up minimal space.

Dishcloth holder

Do away with used dishcloths left lying around. Maintain kitchen hygiene by giving your dishcloth its own functional drying space out of sight inside the kitchen sink unit. The holder is retained by a strong suction cup and is easy to install. Simply apply the suction cup to the side of your sink and turn the metal wheel to secure it. To uninstall, turn the metal wheel in the opposite direction. The holder fits sinks with a smooth or glossy finish.
