LES MOTS DOUX

## **My secret jewel: A magic necklace!**

For this winter, I wanted to offer you a new jewel, even more precious and even more magical, even more precious and even more magical than all the others!

This time, the message is hidden behind a small fine stone pendant.

Nestled in the hollow of your neck, the intention engraved on the small gold-plated medal will bring you happiness and will fill your heart.

*Maud*
