

HORIZONS | RECYCLED FABRIC

In efforts to walk towards a more sustainable future, UIMAGE is now exchanging all existing textiles in our collection for a new 100% recycled and certified textile: Horizons.

“The new textile is called Horizons – reminding us that a brighter future is in sight if we are all making that extra effort for the planet.” – Søren Ravn Christensen, Chief Creative Developer and co-owner

Motivated by the world’s need for change and reducing the impact of our activities on our planet, the Horizons fabrics reduce plastic pollution and transform single-use plastic into furniture. The Horizons fabrics are recycled from plastic waste and reused for a new purpose in the design of comfortable chairs and cute cabinets at UIMAGE.

The textiles are certified with Global Recycled Standard and Standard 100 by OEKO-TEX, ensuring that it meets strict social and environmental requirements. Additionally, the certifications ensure that no substances harmful to health or the environment are being used and that the identity of the recycled material is maintained: From the recycler to the final product.

“If we treat every living creature with kindness and respect, nature will prevail – as will UIMAGE! We are constantly improving our designs and trying to do even better for the environment, which is why we are now introducing Horizons, a textile collection for our UIMAGE designs, that is 100% recycled.” – Søren Ravn Christensen, Chief Creative Developer and co-owner

Inspired by Nordic nature, Horizons is available in four colours;

sugar brown, white sands, sterling and shadow – designed to create a feeling of tranquillity in your home. The new recycled textiles are available for The Reader, A Conversation Piece, Time Flies, Treasures and the Audacious collections from UIMAGE.

At UIMAGE, we care about everyone we influence. We make functional and timeless designs that last, we optimise storage and transportation costs with flat-packed designs, to make luxury accessible to you. The aim is to save the environment so that you can save on living.
