**ALUMINOR will be present at Maison&Objet
September 8 – 12, 2022
in Paris Nord Villepinte
Hall 6 / Today Sector / Stand G92**

ALUMINOR specializes in the **creation, manufacture** and **marketing** of **indoor lighting**.
It offers all types of luminaires for decoration and office:
lamps, floor lamps, wall lamps and suspensions.

ALUMINOR it is:

*recognised **know-how**,

***70 years** of experience,

*one of the oldest French **manufacturers of interior lighting** and... one of the last remaining in operation,

*workshops located near Nice (06) with its own manufacturing lines, integrated logistics and a **team of 18 people**,

*ambitious **CSR approaches**.

***ALUMINOR adapts its luminaires to the needs and desires of its customers:**

With its strengths, the **know-how** of its teams and its workshops located in France, ALUMINOR **adapts its luminaires** to the **needs** and **desires** of its customers while maintaining very responsive deadlines.

« Our team studies your needs and adapts our luminaires to your specific requests: colors, materials... Among other things, we have a paint booth that allows us to adjust the color of our luminaires to your every desire! » says Richard BARBETT, CEO of ALUMINOR for 3 years.

***ALUMINOR creates and manufactures specific luminaires for its customers:**

In addition, ALUMINOR is also able to **create, develop** and **manufacture** luminaires **specifically for its customers**. Architects, decorators, hoteliers, restaurateurs... the ALUMINOR team accompanies them at every stage of their project to ensure satisfaction and compliance with deadlines.

***ALUMINOR undertakes CSR initiatives:**

Finally, ALUMINOR is involved in several CSR initiatives, in particular to reduce the environmental impact of its luminaires (ecodesign, repairability, etc.) and more generally, its activity.

Come and meet us on M&O (Hall 6 stand G92)!

We will be happy to present our collections, our know-how and our achievements.
