

RAW MATERIALS AMSTERDAM

- FOR CONSCIOUS LIVING -

As always, Raw Materials will exhibit on the upcoming edition of the Maison&Objet fair in Paris. Our stand is well worth a visit as we will show more new products than ever!

Among our new items you can find leather dining chairs and two new lighting collections:
the Pharos and Aspen lighting collection.

Because of the great success, we will also present our Eiffel and Studio dining tables
in black finish.

See below a preview of some of our new items.
