## NEWS - MEET DROP VUOLLE COMPACT

*Designed to bring the luxury of Drop Spas to smaller spaces.*

We have been working on a smaller version of our popular spa Drop Vuolle, to meet the demands of smaller spaces. Many of our customers want to fit a Drop spa on a balcony, but due to the current sizing, it's often impossible.

Drop Vuolle Compact is a modern outdoor spa that combines state-of-the-art outdoor spa technology and the relaxation of massaging nozzles. The Compact has massage seats for 3 and 24 massaging nozzles.
