

## Eden has arrived: A Garden Match Made in Heaven

Finally, it is time to move your dinner parties, Sunday lunches and weekend brunches outside. To honour our love for easy seasonal transitions, we have created a new line of elegant and functional furniture designated for your balcony, terrace, or backyard. Say hello to Eden, a garden match made in heaven.

In keeping with our Danish roots, the design is sleek and minimalistic with an airy, inviting quality. This makes Eden the perfect furniture option for any outdoor space you want to share with your family, friends or just a quiet moment in the company of your thoughts.

The collection is made with as much attention to detail as it is to functionality and comfort. All chairs are stackable, the tables are foldable, and each piece is made with minimal use of powder-coated steel. The straight lines of the design create a subtle shadow play, adding a decorative touch to the surface of your wooden terrace or the surrounding walls of your favourite corner.

Whether you decide on the rich moss green or delicate greige version, the Eden garden furniture will blend in beautifully with the surroundings.

The ergonomic shaped chairs and benches make them pleasant for dining, relaxing, and reading, and if you are partial to a bouncier feel, our new series of seating cushions, Franca, will fit perfectly. The striped textiles reference the structure of the Eden chairs design, and they come in two delightful colours endowed with a hint of nostalgia: a beige cotton base with either Harvest Gold or Jelly Green.

So please, settle in. Eden is here for the long haul - ready to frame your memories for many summers ahead.
