At FABRICCA, our purpose is simple:
make women stylish in seconds!
Eight years ago, we began as a small online retailer that only sold necklaces. Today, we still sell necklaces — as well as hair accessories, bags, lifestyle and more. That "more" is providing the very best customer service, customer experience, and company culture. Produced by women with high quality craftsmanship in Turkey and sold in 7 countries, we aim to provide happiness, inspire the world through 100% upcycled sustainable fashion and show that it's possible to simultaneously deliver happiness to customers, vendors, shareholders, and the community in a long-term.

FABRICCA

Over the years, FABRICCA has evolved its product selection to include unique and seen nowhere jewelries, hair accessories to meet the needs of every woman, and lifestyle accessories to make women's life easier. The one thing that hasn't changed, however, is our focus on the customer.

A fashion company at heart, FABRICCA's purpose is to live and deliver WOW. This obsession led us to be one of the first brands to offer upcycled design products and deliver to our customers in couple of days.

Although FABRICCA maintains itself as a fashion company that happens to sell design products, we believe that kindness, inclusion, and compassion are important aspects of doing business. By partaking in initiatives inside and outside of our busine, we hope to build a brighter, kinder community.
