

## BUTLER | LAMPSHADE

Inspired by the story of *Le Petit Prince*, we are now introducing Butler: An opal glass lampshade that looks like a hat but with a shape that, like the story, can be interpreted in endless ways, depending on how you choose to see it.

The diverting shape and the milky white opal glass of Butler will add a soft yet playful expression to the interior while lighting up the surrounding room in a stylish and cosy manner.

Butler is designed by Luigi Vittorio Cittadini, an Italian-French designer born and raised in Morocco. With a background from Politecnico di Milano and several design studios in Milan, Cittadini's work is rooted in an Italian design tradition, always with a touch of irony and contrast.

*"Butler is a tribute to the novel *Le Petit Prince* by Antoine de Saint-Exupéry – and just like the novel, the shape of Butler can be interpreted in as many ways as your imagination allows."*  
– Luigi Vittorio Cittadini, Designer.

Create the ideal lamp for a desktop setting by pairing Butler with our Santé table lamps, or hang it upside down in one of the UIMAGE cord sets to unlock a new interpretable shape and an entirely new expression. You can also combine it with one of the UIMAGE floor light stands and let it playfully light up a corner of the home. With Butler, you have the perfect statement piece where your imagination is the only limit for styling.

At UIMAGE, we care about everyone we influence. We make functional and timeless designs that last, we optimise storage and transportation costs with flat-packed designs, to make luxury accessible to you. The aim is to save the environment so that you can save on living.
