TECH EDEN,**

The theme of the season, animated the January edition around reinvented places, whether they belong to the retail, residential, or hospitality sector. Spaces where nature was very present, not always in a literal sense, but sometimes digitalized, more or less mineral, lush and hybrid. A blend of nature and technology that reenchant sustainability and makes our future desirable!"

SOLLEN EXHIBITS ...online

SOLLEN furniture is present on BtoB platforms for professionals, such as Archiproducts but also MOM. We find its 3D models, very useful for professionals.

The screenshot shows the SOLLEN website interface. At the top, there is a navigation bar with links for Home, Collections, Resellers, About, and Contact, along with a phone number (+33 (0)6 47 74 30 10) and a location pin icon. The main content area features a large image of the NUAGE Lounge Set in a modern living room setting. To the right of the image, the product name "NUAGE Lounge Set." is displayed, followed by the price "4 900,00 €". Below the price, there are options for "Wood Finishing" (Oak) and a "Pay Deposit" button with a sub-option "Pay a deposit of 30% per item". A prominent "Add to cart" button is also visible.
