

Discover the new PRIMO creative triangle crayons set. The set contains eight colours and six stencils...everything you need to spark your creativity! Discover different techniques and invent new ones: drawing, rubbing, playing and creating!

PRIMO triangle crayons allow you to bring out of the sheet shapes and textures as if by magic! Create unique art projects with wax triangles and stencils. PRIMO triangles are suitable even for younger children, perfect to facilitate development of manual skills.

PRIMO wax triangles are ideal to share some quality family time, and encourage the collaboration between adults and children. Experiment and have fun inventing and illustrating infinite stories together! The immediateness of the gesture and the range of techniques will make your children feel satisfied with a simple rub.

PRIMO wax triangles are long-lasting and highly pigmented, allowing a wide range of techniques. They are tough to break and will not make your hand dirty. Suitable for younger children, like all PRIMO products, they comply to the strictest safety standards. PRIMO wax triangles are eco-friendly as well: they are Made in Italy, produced in our own facility that runs exclusively on green energy, powered by a 475 kW photovoltaic system.
