UMAGE

MANTA RAY | PRESS RELEASE

MANTA RAY

Inspired by the depths of the ocean, where sunlight meets the dance of water, UMAGE is now introducing Manta Ray: A sculptural lampshade and a subtle compliment to the marine life that unfolds great mystique underneath its simple blue surface.

Made from powder-coated steel, the lampshade will cast light downwards, while its opal glass centre ensures a light upwards. Crafted with great attention to detail, its curved metal screen uncovers an enchanting brass pattern underneath, where the light unfolds and creates a patterned light.

"Manta Ray pays tribute to classic shapes within Danish lighting design but reveals an intriguing pattern of light once you turn it on". – Anders Klem, in-house designer at UMAGE

The Manta Ray lampshade complements the UMAGE Santé table lighting stand, creating a lamp perfect for the windowsill or cabinet top. Though, the flexibility of the lampshade makes it possible for you to match it with all lighting accessories from our collection.

Available in white and black, the Manta Ray lampshade will, with its captivating shape, transform any room into an enchanting sanctuary and inspire your imagination.

PRODUCT SPECIFICATIONS

Name
Manta Ray, lampshade

Designer
Anders Klem

Design year
2023

UMAGE is a Danish word meaning 'making an effort', and that's what we
want to do every day. UMAGE is where beautiful Danish design meets affordability,
high-quality material, and a genuine care for the environment.
