CLAVA WOOD | PRESS RELEASE

CLAVA WOOD

Expanding the Clava collection, we are now introducing Clava Wood – a sculptural lampshade that illuminates your home with grace and simplicity.

Crafted from laser-cut wooden lamellas, Clava Wood creates a mesmerising display of radiant light, painting beautiful rays on the walls of your space. The wooden details add a sophisticated touch of nature to the design and your home, while the organic shape will make the lampshade stand out as a sculptural piece.

With its organic shape and minimalist lines, Clava Wood seamlessly adapts to any environment, enhancing not only the dining area but also the hallway or bedroom ceilings. The lampshade is also an ideal complement to the Santé floor light stand. When combined, they make a great floor lamp, creating a striking floor lamp that elevates your living area or any corner craving a gentle glow.

The simple yet bold expression of the lampshade, as well as the sophisticated details of the wood, will also evoke a sense of understated elegance in hotel lobbies, restaurants and cafés alike.

Embrace simplicity, ground your home, and let Clava Wood bring you closer to nature.
