

LINEN TALES

Embrace the essence of serenity and nature's poetry with our forthcoming **Spring / Summer'24 home linen collection**. Nestled within the captivating ambiance of the Lotus forest motif, it reveals a canvas adorned with the elegant tones of green, grey, and foggy blue. This harmonious blend of colors invites serenity and balance.

The verdant tones, ranging from mossy greens to earthy khaki, paint a vivid tapestry that echoes the luxuriant foliage of the Lotus print. In contrast, the gentle greys and foggy blues softly whisper, akin to the tranquility of early forest mornings, cloaked in a misty embrace. Together, they weave an enchanting tale of serene dawn rituals, inviting you to partake in nature's tender reverie.

This collection will transform any space into a calm sanctuary – an intimate rendezvous with nature's artistry – where every moment pays homage to the timeless beauty of the natural world.
