

DUISTT

COPACABANA
COLLECTION

Sense of liveability, warmth and contemporaneity

Copacabana collection is influenced by the sidewalks of Copacabana beach in Rio de Janeiro, most recognized for their mosaic artistry. Its fluid and full of movement design, inspired by the sea waves, gave life to this collection.

A new vigorous approach

Copacabana armchair

Part of Copacabana collection, the Copacabana armchair will reinforce the balance and appealing sense of liveability, warmth and modernity with a design concept that combines outstanding shape and fine materials.

With comfort as the constant starting-point in Copacabana armchair creation, the rounded and whimsical shapes of this armchair are conceived to serve the body, providing both comfort and cosiness.

Copacabana Bookcase

Blurs the line between functional design and art

Copacabana bookcase is a bold, sculptural yet functional piece build in solid wood with an unique shape, and plates in high gloss black lacquered wood or travertine marble that can be exchanged according to your preference.

ABOUT DUISTT

Since its foundation in 2014, Duistt has been recognized for its contribution to creating experiences memorable through design. The Portuguese luxury furniture brand breathes history and modernity through objects that are committed to the comfort and quality of materials. Duistt puts people at the center of attention – how they live, what they want and how they use their objects – the creative team works hand in hand with its customers for a personalized experience, creating tailor-made projects. All Duistt products are handcrafted and to order and can be customized with different sizes and materials. Here, the expertise and traditional techniques used to create each Duistt pieces are essential, a know-how that crosses generations and that the brand is keen to preserve and support in its global strategy. As they integrate a rigorous manufacturing process, the products follow a lead time that varies between 6 and 10 weeks.
