# LEBLON DELIENNE

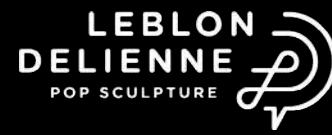

Founded in 1985, the Leblon Delienne sculpture workshop - specializing in high-end resin figurines bearing the effigy of comic strip and cartoon heroes - quickly became a must-have with a loyal clientele of collectors.

Since its takeover by Juliette de Blegiers in 2018, the brand has begun a new chapter in its history, reorienting its positioning towards the design and decoration sectors. Almost 40 years after its creation, the workshop's exceptional expertise remains unchanged. Leblon Delienne continues to imagine original, high-quality pieces: figurines, sculptures, furniture, art & design objects, inspired by the world of Pop Culture and its iconic characters in the collective imagination.

Combining meticulous and complex processes, Leblon Delienne's expertise has been rewarded with the prestigious «Entreprise du Patrimoine Vivant» (EPV) label.
