

## A Home in Nature

Chhatwal & Jonsson present the new collection for Spring/Summer 2024 – A Home in Nature. Inspired by the sea and the meadows we have designed this collection with a twist of the 60's playfulness. Products in sustainable natural materials with an ambition to offer unique textiles where the handwork is noticeable and makes a difference.

*In our universe, handmade products are the most beautiful things to have at home. Nature is a source of inspiration for us, everything we do, and produce breathes respect for it. Now for spring, we have chosen colors for our cushions and carpets that are reminiscent of nature, says Stig Jonsson Creative Director, Chhatwal & Jonsson.*

Chhatwal & Jonsson is a Swedish design company producing textiles for the home – made to last a lifetime with quality and timeless design. A unique approach to seek out a novel expression which isn't easily replicated. It initially began as a humble idea to combine Scandinavian design with Indian handicraft and has blossomed into a recognized label with a presence in stores in 25 countries.

Firmly rooted in two cultures Stig Jonsson and Geetali Chhatwal Jonsson have the utmost appreciation for classic craftsmanship and modern aesthetics. Our products merge premium fabrics, graphic textures and designs. Each piece exists purposefully and captures the unique signature of Chhatwal & Jonsson.

The collection is available for sale at [www.chhatwal-jonsson.com](http://www.chhatwal-jonsson.com) and at selected retailers worldwide from January 2024.
