Dear all,

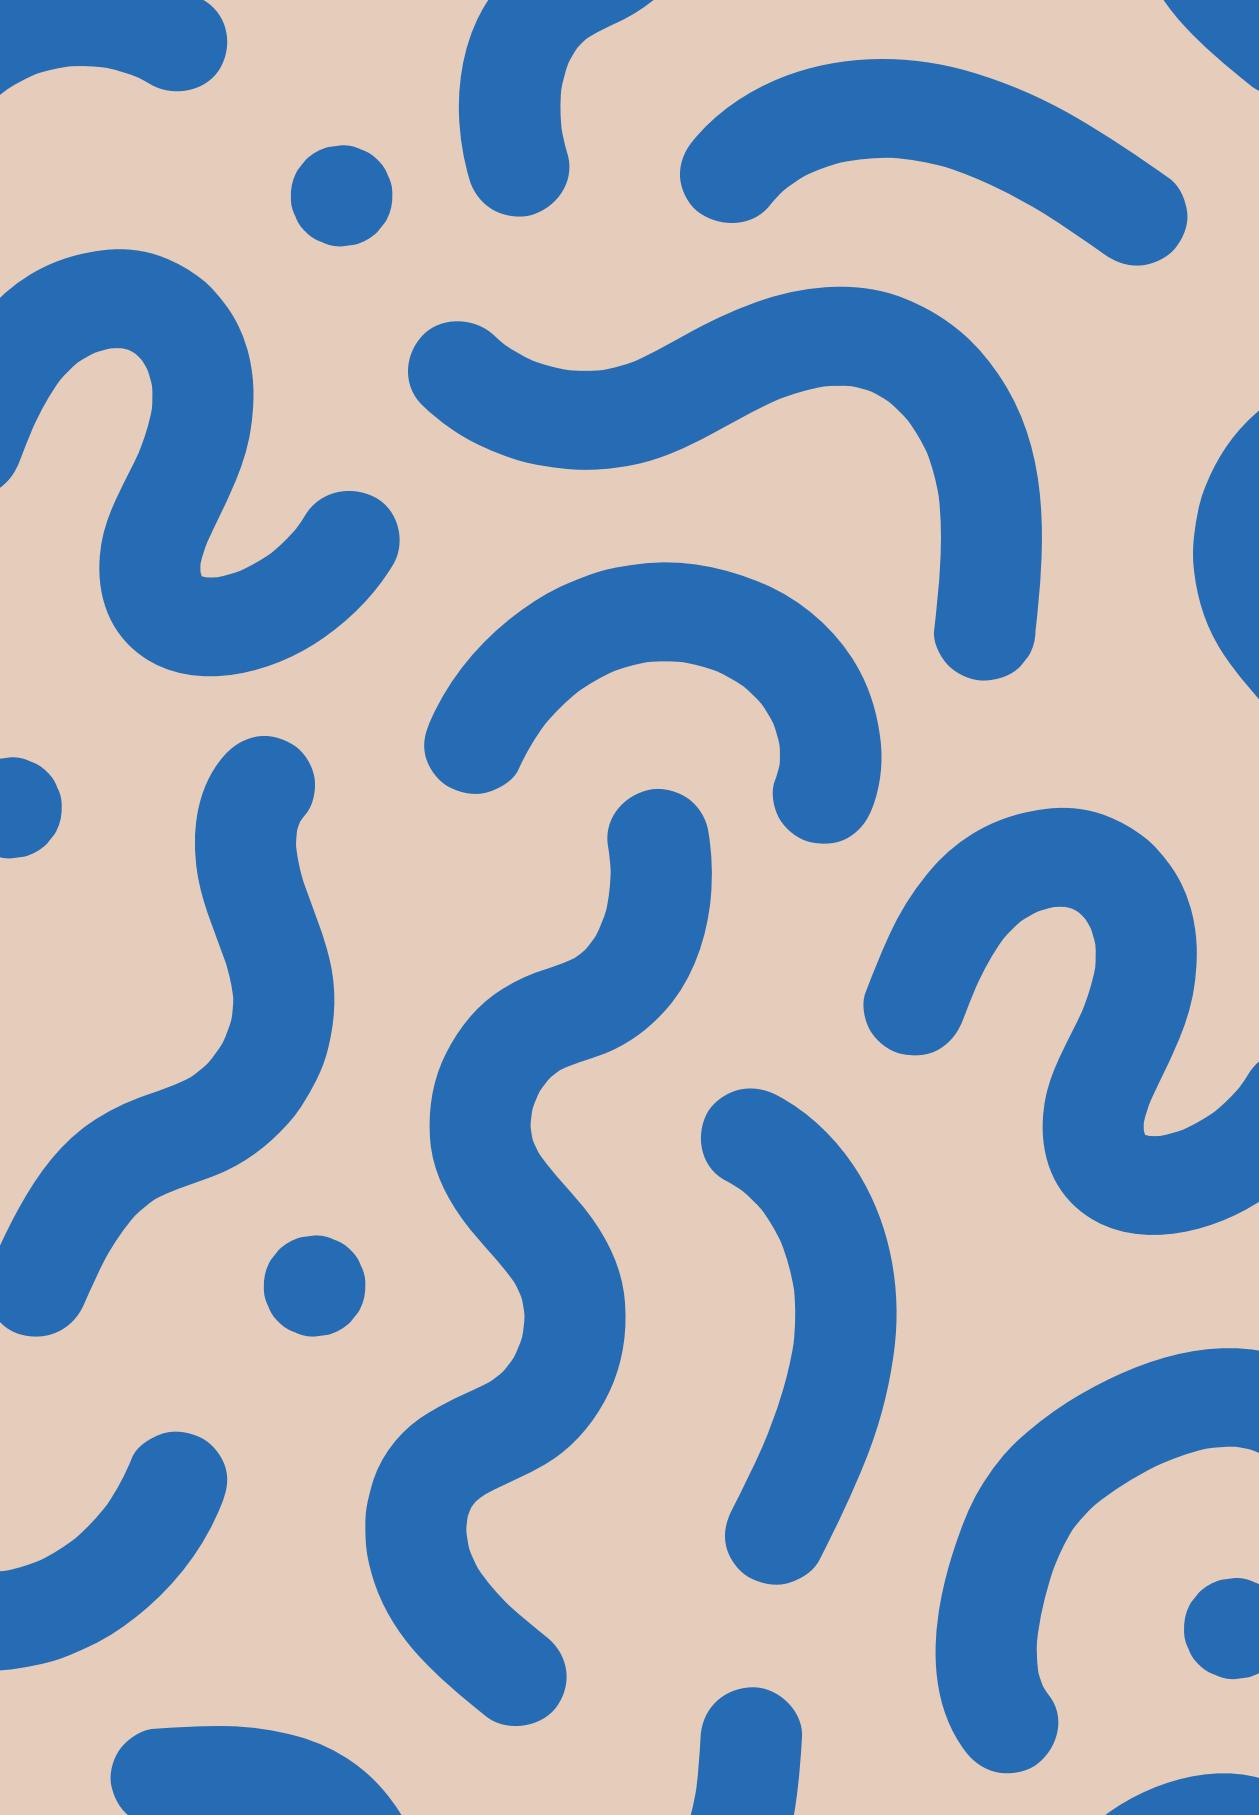

It is with immense pride and excitement that we welcome you to a new chapter of &Klevering.

Last season we were able to take over the company from Erik & Harkon, the founders of &Klevering. We are proud and grateful that we, as former employees, have been given the opportunity to continue the company. As new owners, we stand at the threshold of a fresh era, filled with ambition. Together with our dedicated team, we are determined to make &Klevering future-proof.

Our commitment to &Klevering's core philosophy remains unwavering. We carry forward the tradition of delivering unique products that reflect the essence of our brand. In the coming seasons, expect to be captivated by collections that celebrate craftsmanship and creativity.

Let's embrace this new adventure together and allow the magic of &Klevering to flourish. Thank you for your ongoing support and enthusiasm!

Berdien & Gerbrand

A vertical column on the left side of the page features a repeating pattern of abstract, organic shapes. These shapes are rendered in a medium blue color and are set against a light beige or cream-colored background. The shapes vary in size and form, resembling stylized leaves, waves, or clouds, creating a sense of fluid motion.

&

SS24

This season is a celebration of togetherness. Long sun-drenched afternoons where the table takes center stage as the ultimate gathering, providing a canvas for shared moments and culinary delights. Inspired by the sunny spirit of the season, doodles and abstract elements become a form of expression, adorning everything from cushions to tableware. Raise one of our favoured &k coupes and let the good times swoop in. Cheers!

Buro Berger

Exciting news on the horizon!

With the arrival of our new CEOs, Gerbrand van Nijendaal & Berdien Righolt, we're thrilled to introduce Buro Berger as the newest little sister joining our wholesale family. We are proud and enthused to introduce the infusion of Buro Berger's designs into our collection.

LOOKBOOK SS 2024

Buro Berger's collection distinguishes itself by launching objects with a high design value – products you cherish and carry with you throughout your life. They are produced in small editions and with a preference for a sustainable production process. The products have been created by going through the design and production process closely together with the renowned designers, which ensures the right harmony that radiates within the product or object.

INTRODUCTION

The Liro

Liro, a sculptural side table, features three cleverly shaped parts in a simple yet ingenious construction. Inspired by Brutalist architecture's edged and playful elements, it seamlessly blends gentle roundings, creating a piece that resonates with soft Brutalism. The unique balance of technical and natural appearance is enhanced by an outstanding structural paint, making Liro an extraordinary companion for your home.

About the designer

Renowned German designer Martin Hirth, born in 1987, is committed to timeless design that seamlessly blends charm, sustainability, and durability. Graduating in 2014 from the University of Art and Design Offenbach in product design, Hirth, formerly assistant to Sebastian Herkner, established his studio. His award-winning designs grace exhibitions worldwide, from NYC to Tokyo and Karl Lagerfeld's HQ in Amsterdam. Hirth, fascinated by pragmatism and quality, seeks to create designs that are both sustainable and elegantly refined.

The Bole

The Bole candleholder is a series of candleholders for tea lights and dinner candles, designed by the Dutch designer Lex Pott. By playing with different heights and diameters, a colourful landscape is created. And by working with transparent colours, a layered and spatial image is created by placing several candlesticks together. The Bole candleholder is available in three sizes and seven different colour combinations.

About the designer

Lex Pott (1985) employs a raw and intuitive method. In his work, he returns to the origin of the materials he uses most: wood, stone and metal. He does not hide his designs under indirect layers, but reduces them to their very essence. Pott works from his design studio based in Rotterdam. He graduated cum laude in 2009 at the Design Academy Eindhoven.

The Crib

Nynke had the honour of being invited to design Buro Berger's first product, so she designed a colourful and playful nativity scene, to celebrate the newborn brand. Although she was not raised religious, the tradition of Christmas continues to fascinate here. The universal symbolism and rituals that connect us. The miracle of birth and the creation of life should always be celebrated regardless of our faith.

About the designer

Nynke Tynagel is a Dutch artist based in Amsterdam. After graduating Nynke became joint owner of Studio Job, ranked as one of the world's most influential players within design and art. After more than 20 years creating Studio Job's signature graphics she now runs her own studio Nynke Tynagel. Nynke's bold expressive and iconographic imagery, both heraldic and pop cartoonish, projects a strong narrative quality.

The Clean Cut

The candle holder Clean Cut is a design by Dutch designer Bertjan Pot. The three models are made of wood and stained or natural. Bertjan about his design: "Repetitive, clean cut-outs in a simple block of wood create something that brings mathematical joy to one and decoration to another."

About the designer

Designer Bertjan Pot is renowned for the iconic Random Light (1999) and attention-grabbing Masks made from colorful rope. His creations begin with material exploration, a consistent theme in his product development. Each interior product reflects Pot's fascination with techniques, structures, patterns, and colors. His experiments, often driven by curiosity, lead to innovative designs that push boundaries.
