GAÏA Collection

Attached to the traditions of the past, Reminiscence Home strives to participate in the promotion of French know-how abroad. With a love of French crafts as her compass, she crosses the seas and oceans to establish herself internationally.

With creations certified Made in France, Maison Reminiscence Home renews its commitments to respect people and the environment.

Limoges porcelain - Made in France

The designer, **Géraldine DELETTRE**, presents the first pieces of her new complete lines of tableware, lighting and decorative objects in eco-responsible white Limoges porcelain, as well as exclusive and tailor-made series.

BÉRÉNICE Suspension

The coming months will also see the emergence of partnerships between Maison Reminiscence Home and major brands, to highlight French know-how and elegance, and many other new products...

The entire team is looking forward to discovering what this new year has in store for it, with the certainty that it will be guided by the passion for creating timeless pieces, the quest for excellence and the love of sharing.
