COSMOPOLITAN LIVING

Dôme Deco stands for 'Cosmopolitan Living', inspiring the persona that has the world at its feet. From these worldly influences, the search for added value is central. The focus being culture, craftsmanship and sustainability. Refinement and a divergent way of thinking and acting are evident.

Throughout the catalog, you will discover the course of the day of a true cosmopolitan.

"As the sun peeked through the curtains of the elegant villa, signaling the dawn of a new day, it was time for the cosmopolitan individual to embrace the day's happenings."

BEHIND THE COLLECTION

Each year, Dôme Deco launches a new collection. Our team of experts begins their brainstorming process with a specific concept, discussing every aspect from shapes and design to fabrics and materials. The focus of our product developers and designers being innovation, uniqueness, and premium quality.

Each collection is built around a particular theme and characterized by its own trend colors and design elements. Halfway through the year, this main collection is replenished with a variety of

novelties strengthening the concept. Creating cosmopolitan environments while constantly expanding our horizons.

Before our new products are set up in our showroom, we rebuild the spaces to match the collection's concept. Everything from walls to flooring gives you the perfect perception of our new collection and the passion and creativity that went into it.

PARTNERSHIPS THE ZOOTE GRAND PRIX

The Zoute Grand Prix Week is a high-end car, art, and lifestyle event spread across Knokke-Heist. Spectacular bolides of all shapes and sizes at unforgettable and surprising locations. In the year 2022, Dôme Deco became a Gold Partner of the Zoute Grand Prix.

Mid 2022, we were asked to design the interior of the Prado Zoute. A unique event location on the beach of the Zoute, where Zoute Grand Prix's guests can get to know the latest models of the most exclusive car brands and attend the rallies' start and finish.

Central in the design of the Prado Zoute were the bar settings, with VERGE bar chairs in warm colors elevating the overall level of hospitality. Next to the bar settings, Dôme Deco added lounge area's to offer visitors a place to sit back and relax. Better known as the Prado Lounge by Dôme Deco.

In addition, Dôme Deco took care of the 'Zoute Grand Prix Club's' interior. A brand new, permanent location for the Zoute Grand Prix where events will take place on a regular basis.

WHY THIS PARTNERSHIP?

Dôme Deco stands for 'cosmopolitan living', where the focus lies on warm colors, pure materials, and unique designs. This vision is entirely in line with that of the Zoute Grand Prix. The emphasis on lifestyle, culture, and craftsmanship unites us and ensures that we pursue the same goal in this partnership.

OUR DESIGNERS

KATLA HURRICANES

GILLES KNAEPEN

The Katla hurricane, referring to Iceland's largest volcano, is characterized by its architectonic construction and minimalist appearance. A raw and natural source of light-shielded by a metal casing. Representing the crater and floating lava in conjunction with the crevasse.

A visual spectacle offers you a variable structural look from different perspectives. Available in three sizes. Made of either a raw metal with brown satin glass or a brown powder-coated metal with grey satin glass.

AGA MIRROR

GILLES KNAEPEN

In a world where the rush of daily life often occupies forgetting. We walk (Aga in Norwegian) out the door at home and it sometimes eludes us not to forget. With that philosophy, the intention behind AGA was born. A place where we can pause for a fleeting pause. On the one hand, due to its minimalist design, it occupies a modest space in the room. However, through its functionality, it facilitates a physical and mental checkpoint. The

metal, which in fact, frames the mirror, creates a space that is both practical and stylish for storing items in place while the mirror provides an opportunity to reflect before rolling back to wallow in our demanding world. That demanding world is reflected in AGA by implementing a decorative surface that is available in several materials. It thus responds to the need to express oneself, but also to make AGA come into its own in any space.

GARA CENTERPIECE

GILLES KNAEPEN

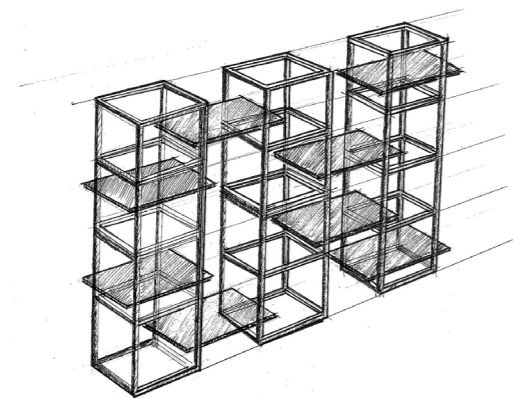

GARA was created purely out of a passion for aesthetics. Aesthetics is the starting point, the intention and the expression. What makes this product so intriguing is the relationship between the 2 shells. Both bent. One still in its entirety so that it can fulfill a function as a bowl. The other opened so that it can provide stability and strength. both almost form

a human relationship, each with their own qualities that are not only complementary, but when brought together, make the whole greater as the sum. The key word at GARA towards design is curvature. The entire product is curved in all directions. It communicates a sense of security.

JAVA SHELF

PAUL APERS

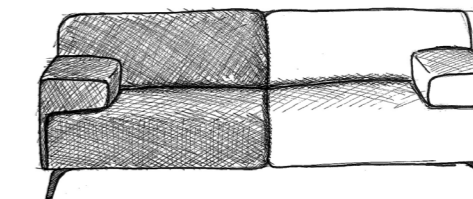

Based on Paul Apers' extensive and in-depth knowledge of the furniture industry, we set out to develop a modular shelving system that serves a multitude of applications.

Be it a single unit in a private study, a combination in a dining room set as presented here, or an even more elaborate presentation in a hotel lobby, the Java shelf will cater to your specific needs.

LUGANO SOFA
