

DESIGNED HOME PRODUCTS MADE OF DIATOMACEOUS EARTH

ABOUT US

Moonstone and **Stonea**, specialists in crafting home accessories from diatomaceous earth (or diatomite). Our brands epitomize the perfect fusion of design, functionality, and environmental respect. Discover products that not only enhance the aesthetic of your interior but also improve your daily well-being thanks to the exceptional properties of diatomite. The future of home well-being starts here.

Diatomaceous Earth: A Natural Treasure.

Diatomite, or diatomaceous earth, comes from fossilized micro-algae, offering a remarkable natural absorption capacity. This sedimentary treasure combats moisture, neutralizes odors, and has antibacterial properties. Eco-friendly and sustainable, it marries aesthetics and well-being for the home.

TWO BRANDS, ONE SHARED VISION

 **moonstone** **Natural Elegance, Pure Functionality.**

Moonstone is a pursuit of elegance and simplicity. Specializing in accessories for the kitchen, bathroom, and home, each piece is designed to seamlessly blend into your space, adding a touch of sophistication. We value the fusion of timeless design with eco-friendly materials. Moonstone represents the perfect balance between understated aesthetics and the natural benefits of diatomite.

Colors & Comfort, Naturally.

Dive into a vibrant and colorful universe with Stonea. Combining the best of diatomite with a cheerful color palette, our products don't just cater to the well-being of your home but also extend to your cosmetic routine. Let yourself be enchanted by our accessories that will awaken your senses while ensuring optimal functionality. With Stonea, diatomite comes to life, adding color and sparkle to every corner of your home.

BATH MAT

SAY GOODBYE TO DAMPNES FOREVER WITH MOONSTONE BATH MAT MADE OF DIATOMACEOUS EARTH

Are you looking for a way to keep your bathroom clean and free of moisture? Look no further than diatomaceous earth! This natural material dries instantly, making it the perfect solution for preventing mold. Our home products, such as our bath mats, dry so quickly that bacteria, mold, and fungi don't stand a chance.

SOAP DISH

NO MORE WATER IN THE SOAP DISH AND NO MORE SOAP THAT DOESN'T DRY!

Diatomaceous earth is a rock composed of fossilized algae from the ocean floor. Its two unique characteristics are its high absorption capacity (due to its porous nature) and its ability to dry instantly. Your soap will last longer as it won't melt away and will dry quickly. Our soap dish has a grooved surface, ensuring that your soap won't slip off.

MSRP : €19,99

- ✓ 0 chemicals
- ✓ Non-slip, Odor-resistant, Antibacterial
- ✓ Breathable, Easy to clean
