HOPE LEATHER | PRESS RELEASE

HOPE LEATHER

Embracing long-lasting designs, UIMAGE is introducing a new OEKO-TEX®-certified leather collection for all lounge chairs: Hope leather.

The Hope collection is meticulously crafted with a deep commitment to elegance and environmental consciousness. The Hope leather is a high-quality, semi-aniline leather that exudes a harmonious and warm aura, perfectly suited for lounge furniture. The leather's lightly buffed finish delicately preserves the natural grain, resulting in an elegant, matte, and subtly textured surface. This careful buffing ensures high durability, making it an excellent choice for everyday life.

Taking pride in the commitment to sustainability, the tannage of Hope leather is chrome-free, ensuring a process that benefits both you and the planet. The leather is certified with OEKO-TEX® LEATHER STANDARD, guaranteeing that it undergoes rigorous testing and ensuring that no substances harmful to health or the environment are being used – always meeting the highest standard.

Available in three nature-inspired colours; black, brown, and cognac - the Hope leather collection effortlessly brings a touch of earthy sophistication into any interior space and perfectly blends with the colours of the oak.

Acknowledging the ever-evolving trends and new needs or preferences, all designs of the A Conversation Piece and The Reader collections have interchangeable upholstery. With interchangeable upholstery, you can add new life to the design simply by changing the upholstery, creating designs that not only evolve with trends – but evolve with you and your needs, and that will last many years to come.

The three leathers are made to order and are available for all pieces of the A Conversation Piece and The Reader collection.

UIMAGE is a Danish word meaning 'making an effort', and that's what we want to do every day. UIMAGE is where beautiful Danish design meets affordability, high-quality material, and a genuine care for the environment.
