

## Nature's Material

Natural materials, organic forms and striking colour combinations would be the three expressions that describe the Fall/Winter 2024 collection of Chhatwal & Jonsson.

The Scandinavian nature continues to inspire us this autumn. Warm earthy colours of nature like forest green, ochre, rust and chestnut brown add style to home interiors. Authentic and handmade items with a Scandinavian eye for design.

*In our universe, handmade products are the most beautiful things we can have at home. Nature is a source of inspiration for us, everything we do, and produce breathes respect for it. We like to mix materials and patterns to create excitement in the interiors. Soft shapes and textures continue to be an important feature, along with our signature geometric and ethnic patterns, says Stig Jonsson Creative Director, Chhatwal & Jonsson.*

With sustainability in focus all our products in the collection are made from 100% natural materials like linen, wool and cotton. Nature's Material.
