Zhai宅

Which means 'house' in Chinese, aims to showcase oriental aesthetic lifestyles and serves as a platform for cultural exchange. The theme for Zhai's 2024 collection is "Chinese Handcrafts", featuring products made using traditional craftsmanship from Suzhou that has been passed down for hundreds of years. These products represent a quiet luxury that is full of Eastern philosophy, and can provide inspiration for modern home decoration.

2024 Maison&Objet The Zhai's

Partner City SUZHOU

An important city in eastern China, is situated on the middle and lower reaches of the Yangtze River and is adjacent to Shanghai to the east.

With a history spanning 2500 years, Suzhou is known for its sophisticated culture and refined way of life. The city is renowned for its classical gardens, picturesque water town scenery, and is considered the hub of handicrafts in China. Suzhou's handicrafts are distinguished by their "ultimate refinement". With over 3,000 varieties in 10 categories, Suzhou alone accounts for the majority of the 11 categories of Chinese handicrafts.

"City of Crafts and Folk Arts"
—UNESCO, 2014

Xiangcheng District is located in the hinterland of the Yangtze River Delta economic circle and at the geographical center of Suzhou City. It has a long history, rich culture and profound humanistic heritage. Xiangcheng has always been renowned as the "Hometown of Chinese Folk Arts". It features 61 items on the non-heritage master list, including 2 national-level items. The "Xiangcheng Ten Wonders," such as the imperial kiln gold brick and Yuanhe Kesi, have been handed down to the present.

The non-heritage brand of Xiangcheng, Xiangcheng 28 Craftsmen, developed from the "Top Ten Unique Skills of Xiangcheng". It is a product of the integration of traditional handicrafts and Wu culture, and a concentrated expression of the contemporary spirit of craftsmanship. The brand includes 28 "craftsmanship" unit categories, covering a number of non-heritage skills and contemporary crafts. Among them, Ming-style furniture, Yuanhe Kesi silk, Weitang pearls, and Suzhou-style birdcages participated in this exhibition as representatives of Xiangcheng's non-heritage.

Suzhou Xiangcheng Ecological Culture and Tourism Development (Group) Co., Ltd. was established in January 2023 as a wholly state-owned enterprise under the jurisdiction of Xiangcheng District. The group, with ecology as its foundation, culture as its brand, and tourism as its vehicle, leverages the geographical advantages and rich cultural tourism resources of Xiangcheng District to create world-class cultural tourism and commercial projects.

The group is committed to exploring Xiangcheng's intangible cultural heritage and innovative cultural and creative products, creating the "This Is Gift" brand to comprehensively promote local specialty products and cultural and entertainment activities. It drives the integration of online and offline experiences, the shopping of proprietary brands, and the combination of online and offline presence to foster a new digital consumption experience.

Xiangcheng Ecology
Culture & Tourism Group

Suzhou Cultural Investment Development Group Co., Ltd. was restructured and listed on October 31st, 2022. It is a first-level state-owned enterprise in Suzhou. Our group's mission is to consciously promote "Jiangnan culture" of the new era and focus on three major business segments: cultural content creation and dissemination, venue operation and management, and industrial park development and operation. Driven by both investment and digitalization, the group continuously promotes institutional and mechanism innovation, enhances its core competitiveness, and strives to build itself into a first-class large-scale cultural enterprise. At the same time, our group has deep cooperation and engages in innovative exploration with the Suzhou Silk Museum, allowing silk patterns to shine across industries such as clothing decoration, daily care, industrial design, and product packaging. The Suzhou Silk Museum is revitalized, helping to promote the overseas dissemination of traditional Chinese culture and empowering industrial manufacturing upgrades.

Suzhou Silk Museum is one of the national first-class museums in China, preserving over 70000 pieces of silk cultural relics and showcasing silk cultural legacy. With a commitment to safeguarding global, national, provincial, and municipal intangible cultural heritage, the museum is committed to inherit such as the "Suzhou Lampas(Jin-silk) Weaving Technique," "Patterned Velvet Weaving Technique," "Handmade Cheongsam," and "Ancient Loom Making Technique," ensuring the perpetuation of exquisite silk culture.
