**ROOM SPRAY 10.14 oz - PUBLIC PRICE : € 59,00**

## **L'inspiration**

---

"Backstage" was born from our desire to share with you the unique emotion felt behind the scenes of a theater. A place where passions intersect and dreams come to life. It is this blend of excitement, creativity, and mystery that UN SOIR À L'OPERA wanted to capture in this Sandalwood - Heart of Oak fragrance.

## **A SINGULAR WOODY ACCORD**

---

Sets, costumes, and lights, the backstage is the beating heart of the theater, the place where everything is prepared, where magic happens before being revealed to the public. The lights dim, silence falls, the curtain rises... "Backstage" transports you to this secret world where the woody scents of oak reveal the secrets of the stage:

📄 **Sandalwood:** Sandalwood, with its woody and slightly spicy nuances, brings a touch of sophistication and elegance.

📄 **Heart of Oak:** From the stage to the backstage, via the winches, oak wood is omnipresent in the world of theaters. The heart of oak brings a woody and warm note to this place charged with history and emotions.

## **A GENEROUS AND PRACTICAL FORMAT**

---

The 300 ml trigger spray format of BACKSTAGE is designed for optimal and long-lasting diffusion. Practical and elegant, it will fit perfectly into any interior.
