## The eclecticism of Moissonnier

The new Moissonnier scenography draws its inspiration from different art forms and celebrates eclecticism without frontiers. Furniture pieces have been chosen with a strong identity and daring color combinations, to celebrate everything that makes our company unique, bold and individual.

Shades of green and blue, as well as pinks and yellows, take place on a path that leads to the winter garden, where a Napoleon III table, a double buffet filled with treasures and a sofa surrounded by poufs await the arrival of guests. Each creation is an invitation to savor the timeless beauty of pieces that have become iconic. Drapery punctuates the space, giving it an almost theatrical resonance. In the mezzanine, a Sévigné daybed takes its place, intimate and spectacular, an ode to comfort and voluptuousness.

## MOISSONNIER, UNCONVENTIONAL LUXURY

Moissonnier, an icon of French luxury and a recipient of the Living Heritage Company label, has been perpetuating exceptional know-how since 1885.

Fusing together historic styles with aesthetic avant-garde, Moissonnier is blazing a unique trail, steered by emotion, dreams, quirky designs and the highest standards. This attention to the minutest details has culminated in the absolute mastery of all wood-related art crafts, and ingrained a continued commitment to preserving the environment.

These values have made Moissonnier a timeless and daringly modern House. Today, Moissonnier is not only a name synonymous with boldness and bespoke design proudly stamped on a complete collection of furniture, but also a luxury brand catering to any interior designer looking for a manufacturer with the expertise to turn their original designs into reality, whether for individual clients or more global projects.

Helmed by Christophe Martin since September 2021, Moissonnier is a crown jewel on the French decorative arts scene. The company, which derives more than 80% of its revenue from international business and is a worldwide champion of French lifestyle, launched a new 180-sqm showroom in September 2022, located at 37 rue de Beaune, Paris. And a 650-sqm villa opened in Dubai in Spring 2023.
