Our dedicated purchasing team relentlessly seeks out the latest market trends, while our in-house design team crafts exclusive collections such as Adoramals, Squidglys, Queasy Squeezies, Relaxeazzz, and Swapseazzz. This year, we are also highlighting our collaborations with renowned licenses including Minecraft, Pusheen, Asterix, The Original Stromtrooper, Volkswagen, Naruto, and Paddington Bear, among others.

Exciting New Collections with Licensing

At Puckator, we are continually growing and refining our range of licensed collections to bring the best in pop culture and iconic brands to our customers. We are proud to showcase some of our most popular and widely recognised licensed ranges, including fan favourites like Pusheen the Cat, the global hit Minecraft, the classic Original Stormtrooper, the ever-popular Naruto, as well as classic British brands such as Wallace & Gromit and Paddington. We also celebrate timeless characters from Asterix and Moomin, which have captured the hearts of generations.

As we move into 2025, we're excited to introduce new licences, including Hatsune Miku, the adventurous Pippi Longstocking, and the timeless charm of Peanuts, with iconic characters like Snoopy and Charlie Brown. These new collections will add even more variety and depth to our growing portfolio, ensuring that we continue to offer something for everyone.
