Original Marrakech presents: The Children's Bike Basket, a fusion of craftsmanship and modernity

From Marrakech, Original Marrakech has created a unique creation: the Children's Bike Basket, a subtle marriage of artisanal know-how and contemporary design.

Artisanal innovation at the service of children

Handmade in the workshops of the Palmeraie de Marrakech, each basket is made of woven palm leaf and natural vegan leather. Designed to easily adapt to bicycles and scooters, it offers customization options, such as a first name or an embroidered pattern, in a palette of 26 colors. For those looking for a ready-to-gift solution, already embroidered models are also available.
