January 2025 M&O Press Kit*

**Paris, 16–20 January 2025**—The design powerhouse pulpo proudly unveils two exciting collaborations and innovative creations at the upcoming *Maison&Objet*:

## **MARINO SIDEBOARD—BY DESIGNSTUDIO SPEZIELL®**

The Marino sideboard seamlessly combines industrial aesthetics with artisanal craftsmanship. Made from extruded ceramic and finished with an intensely black glaze, this unique piece captivates with its striking materiality. The hollow chamber profiles lend Marino a modern, minimalist form, while the handcrafted ceramic details evoke a sense of archaic warmth. A remarkable design object that perfectly balances functionality and artistry.

## **SFERA LIGHT—BY VICTORIA WILMOTTE**

The Sfera lighting collection, inspired by the limited VW Factory Edition crafted in Wilmotte's Paris studio, marks the renowned AD100 designer's first collaboration with pulpo – and it's a perfect match! Sfera seamlessly integrates into the pulpo portfolio with its clear design language and sculptural elegance, embodying pulpo's signature blend of functionality and artistic aesthetics. A true design highlight, spot on in every way!

## **EXCITING UPDATES FOR TWO ICONS BY SEBASTIAN HERKNER**

The Alwa One side tables, renowned for their substantial glass tops, now feature elegant brushed stainless steel bases... a sophisticated contrast of weight and lightness.

Meanwhile, the Oda family expands with a striking new addition: the dark cosmo black albastro glass globe, offering a deep, mysterious allure.

## **MAISON & OBJET IN THE CITY**

The new lighting collection is also featured in the *Maison&Objet in the City* showcase. Visitors can experience Sfera at the *Victoria Wilmotte Showroom*, displayed in all its captivating shapes, sizes, and colors.

*Victoria Wilmotte Showroom*, 38 rue Madame, 75006 Paris.

Press preview: 15 January 2025, 10h00–14h00

Only champagne: 16 January 2025, 18h00–21h00

Come and visit pulpo at *Maison&Objet* 16–20 January 2025. Thank you, and we hope to see you in Paris!

## **ABOUT PULPO**

pulpo is a design editor, celebrated for its avant-garde and sometimes delightfully unconventional designs. The furniture and lighting creations are brought to life by a dynamic ensemble of international designers and handcrafted by the best manufacturers for each of the materials.
