PRESS RELEASE

## Memento Table presents the new Italian hand-painted ceramic salad bowls !

**Memento Table**, the first collection of 12 Italian CERAMIC plates, already represents a new milestone in the history of Memento. With its bright colours, that only hand-painted ceramic can boast, declined in unique shades and hand-painted on a deliberately irregular shape, MEMENTO TABLE was immediately a great success, the perfect match for **the Original Memento Glass**.

Vivid colour and great practicality – the enamelled surface,

even on the support base, is in fact a guarantee of maximum hygiene and durability over time: it does not absorb moisture and therefore does not crack – is now also offered in the **new Memento Table salad bowls**, available on the market from the end of February 2025 in two versions, both produced in Italy, in hand-painted ceramic :

- **Bowl**, diameter 16 cm
- **Insalatiera**, diameter 26 cm

Skilled artisans make the authenticity of traditional craftsmanship their own, shaping plates that are both rustic and modern at the same time, and are responsible for each step in a process that results in unique, hand-decorated objects, each one different from the next. Plates that are pleasing in shape and versatile in use, with “rippled” inner surfaces to make the ceramic bearer of those same emotions generated by the Memento Originale glass.

HAND-DECORATED, carefully made in ITALY and clad in the most bright colours, the Memento Table plates and salad bowls draw emotions.

*«We can thus abandon ourselves, almost a little helplessly, and let be enveloped by the power of colour; have confirmation that, in our work, doing beautiful things and doing them well, even before being a business choice or a market strategy, is a personal necessity and a pleasure.» Roberto Zani*
