

Turik&Art | Kseniia Turik

"Where Luxury Meets Abstraction"

Kseniia Turik is a contemporary artist and interior designer with over 25 years of experience. She is the founder of the Turik&Art brand, which unites abstract painting with the aesthetics of high-end interior design. Her works are a dialogue between space, emotion, and material - seamlessly integrated into luxury interiors and contemporary art collections.

After a successful career in architecture and interior design, Kseniia focused on painting, where acrylic, epoxy resin, and texture become her expressive tools. Her style is a synthesis of deep color, minimalist form, and expressive gestures.
