NORDIC MINIMALISM. WARM PRESENCE.

ALBA Lightball

DYBERG LARSEN

DESIGNED IN DENMARK

Discover **ALBA Lightball** – a rechargeable table lamp where aesthetics and functionality merge in elegant harmony. With its soft, organic shape and warm glow, this lightball is especially well-suited for restaurants, bars, and lounges where both design and ease of use are essential.

Design that draws the eye – and lasts

Choose between two refined finishes: shiny white or elegant chrome. This compact 11 cm ball features a minimalist design that offers a modern, almost futuristic expression – fitting seamlessly into both stylish homes and professional interiors.

With an **impressive battery life of up to 90 hours** on the lowest setting and easy USB-C charging, the **ALBA Lightball** is made for long evenings – indoors or out – and is particularly suited for high-demand, professional use.

Touch and remote – adjust the mood with a single tap

The discreet touch function at the top lets you easily switch between three brightness levels – perfect for adapting the atmosphere as needed. With the included remote control, you can also adjust the light from a distance – ideal for both busy service environments and ambient, mood-filled spaces.

ALBA Lightball – for bar, table and balcony
A single tap on top lets you switch between three brightness levels – perfect for creating the right mood in both cosy corners and lively settings.

Use one – or create magic with more
ALBA Lightball blends minimalist design
with flexible functionality. Use it on its
own for a clean, simple look – or combine
several for a striking, decorative
arrangement.

What makes ALBA Lightball unique?
