The enchantment of the new Tassotti Christmas 2025 collection is a hymn to the holidays, featuring botanical motifs, Remondini-inspired elements, and fairy-tale winter scenarios.

Christmas is a magical time, made of lights, colours, scents, and, above all, gestures of love. When it comes to the Christmas atmosphere, it's impossible not to think of **Tassotti**, a name that immediately evokes excellence and elegance in the world of decorative paper and art printing. From the heart of Bassano del Grappa, Tassotti brings the timeless beauty of Italian artisan tradition, especially with its offerings dedicated to the festive season.

Over 100 decorative papers and 200 greeting cards, paired with coordinated shoppers in various sizes, gift tags, labels, diaries, notebooks, planners, calendars, envelopes, and countless other products.

Tassotti's new 2025 Christmas collection once again stands out for its meticulous graphic design, aimed at celebrating the beauty of paper and its extraordinary versatility. Each item is meticulously crafted, paying attention to the smallest details, carefully selecting colour palettes to create harmonious compositions that make every creation unique and unforgettable.

It's a journey into a **magical world**, through Christmas styles and atmospheres. Winter, with its enchanted aura, inspires **dreams and fairy-tale landscapes**, where classic decorations blend with timeless motifs.

Emblematic, among others, is the **Vischio Oro** (*Golden Mistletoe*) pattern, where the most iconic and well-wishing berry shines on a sumptuous golden background, or the **Composizione Floreale Verde e Oro** (*Green and Gold Floral Composition*), in which a variety of winter plants and twigs gracefully intertwine on an ivory background. A deep green, instead, welcomes the candid flowers and red berries of the **Helleboro Bianco** (*White Hellebore*) pattern, carefully rendered for an authentic *trompe l'œil* effect, almost as if to extend the magic of these special days.

From the invaluable and inspiring Remondini archive, two original designs have been revisited to create **Remondini Decoro Oro** and **Remondini Stelle Oro**. These motifs, included in this collection, promise to become "year-round" classics, thanks to their timeless elegance and style.

For an enchanted Christmas, the new **Funivie** (*cable cars*) pattern transports you to snow-capped winter peaks. It's a tribute to the Alps and mountain traditions, where the white of the snow and the warmth of colourful cable cars merge into a crisp and cheerful holiday scene.

Gnomi e Cappelli (*Gnomes and Hats*) captures the playful and typical spirit of the season, populated by cheerful gnomes and their unmistakable hats. This design harks back to Nordic legends, enriched here with classic Remondini motifs that add a touch of uniqueness and distinctive refinement.

The **Casette Pan di Zenzero** (*Gingerbread Houses*) pattern evokes the aroma and sweetness of the Christmas table, with cozy houses decorated with icing and candies nestled in a winter landscape.

Tassotti captures the essence of anticipation with two new patterns, where illustrations boast a unique and singular style, transforming simple decorative paper into a prelude to joy.

The **Cassette delle Lettere** (*Mailboxes*) imagines each mailbox as a tiny treasure chest of wishes and hopes. It's here that letters, brimming with children's expectations, begin their journey to the North Pole, a poetic image of the season's magic.

With **Babbo Natale in Arrivo** (*Santa Claus is Coming*), excitement is tangible. This pattern depicts the suspense-filled moment preceding Christmas Eve, when the air vibrates with anticipation and every child already awaits the arrival of the sleigh.

New for 2025 is the **Tassotti Decorative Tree**, ideal for Christmas indoor setups and festive tables. This item, available in three Christmas patterns, cut and folded entirely by hand and complete with a coordinated gift envelope, is also an auspicious, eco-chic, and reusable gift.

Every Tassotti product, from gifts to decorations, originates from a thoughtful and meticulously crafted gesture, contributing to making the holidays brighter. Above all, all items come to life in the company's workshop, where paper is processed with passion and respect for the environment.

Tassotti papers are **fully recyclable**, printed exclusively in sheets with **highly light-fast, vegetable-based ink** and on a **hand-friendly, opaque, ecological support**. The company has strengthened its partnership with **Love Paper** for the promotion of the sustainable and prestigious qualities of paper. Furthermore, the products have achieved the prestigious **FSC® certification**, ensuring the responsible sourcing of paper from a certified forest and supply chain.
