## ***New bowl in the GAZE series – translucent eye-catcher***

*An appealing eye-catcher, also for the hotel industry. The bowl adds another collector's item to the GAZE series. © Klatt Objects*

A finely perforated structure, delicate, translucent and yet strong. The GAZE series combines craftsmanship with clear, unadorned styling to create a contemporary, iconic design. With this bowl, Klatt Objects adds a striking eye-catcher to the series that is sure to attract attention not only in private settings but also in contract environments. The striking mesh structure is created in a complex process in which liquid bone china is injected by hand into a special mould. Each piece is unique. Top: The GAZE series is dishwasher safe. The bowl, vessel and vase can be used as decoration or on the table.
