Experience the Essence of Refined Simplicity with MOJOO at Maison&Objet
Where Scandinavian elegance meets tactile luxury

At Maison&Objet, MOJOO presents a curated selection of our signature collections – LUX, STING, and MATT – showcasing the brand's dedication to timeless design, thoughtful craftsmanship, and harmonious color palettes.

MOJOO's universe is built on contrasts and balance: glossy meets matte, soft textures meet sharp lines, and classic colors blend with modern tones. Each product is designed not just to complement your space, but to elevate it – whether used as a statement piece or as part of a refined, layered interior.

From the high-gloss lacquered surfaces of the LUX collection to the distinctive faux stingray texture of STING and the velvety finish of MATT, MOJOO's products are designed to be mixed and matched across collections. This modular approach allows endless combinations, offering both aesthetic consistency and design flexibility.

Our pieces are as functional as they are decorative – perfect for creating stylish storage solutions, sophisticated serving displays, or personal vignettes throughout the home, office, or boutique space.

We invite you to visit us at Maison&Objet and immerse yourself in MOJOO's tactile world of elegance, color harmony, and Nordic calm.
