BORDALLO PINHEIRO PRESENTS NEW CREATIONS AT MAISON&OBJET 2025 IN PARIS

Caldas da Rainha, September 2025 - The iconic portuguese brand Bordallo Pinheiro will be exhibiting at the prestigious international trade fair *Maison & Objet*, which will take place from 4 to 8 September 2025 in Paris, as part of *Paris Design Week*. Visitors will find Bordallo Pinheiro in Hall 4, Stand B4–C3, where the brand will be represented in a space that emphasises its strong identity and commitment to artistic and functional design.

At this edition of *Maison & Objet*, Bordallo Pinheiro presents a selection of new products and novelty items that reinforce the brand's tradition of combining art, nature, and utility. Among the new products, we highlight:

LEMON

Blessed by the climatic conditions of southern Europe, the lemon has become a symbol of Mediterranean culture. Unique in its elongated shape, rough skin, and vibrant yellow colour harmonised by its translucent, crystalline interior of a paler colour. Pieces created according to Bordallo Pinheiro's naturalism, with a high degree of manual intervention, both in modelling and painting, but always with a contemporary and modern approach.

GRAPES

Grapes represent abundance and fertility. Cultivated since ancient times in temperate climates, such as southern Europe, their production in Portugal has taken on a role of great importance. Over time, it has become a symbol of national identity, both for its cultural importance and for the economic importance of wine. Inspired by this symbol of identity, Raphael Bordallo Pinheiro developed several pieces that recreate vines, grapevines and bunches of grapes.

BICOS

Bicos, or diamond tips, are geometric elements that have been used since the Renaissance as cladding on various buildings, but over time they have been applied to decorative objects. An iconic example of this use is Vista Alegre's glass *Bicos* collection. Raphael Bordallo Pinheiro also used this element in his creations, as can be seen in the flower pots at the Palácio Visconde de Sacavém, now the Ceramics Museum, in Caldas da Rainha. Recently, bicos served as inspiration for the *Punk* line. Bordallo Pinheiro's new *Bicos* collection is inspired by these references, harmoniously complementing the existing glass range and the new porcelain tableware line produced by Vista Alegre. By reinterpreting these textures according to its identity, Bordallo Pinheiro has given new proportions to the *Bicos*, which mould and adapt to the surfaces of the pieces, creating textures of great visual richness. In addition, the glazes accentuate the shapes and create patterns of depth and colour intensity. Available in four colours, mineral grey, mint green, amber and pink, *Bicos* offers a wide range of possible combinations.

CUTLERY AND TEXTILES

Inspired by Raphael Bordallo Pinheiro's endless creativity, the brand has expanded its legacy beyond ceramics, exploring new materials and forms of expression. This willingness to innovate is reflected in collections such as *Brisa*, which complement and enrich the Bordallo Pinheiro universe. The new cutlery line is mostly produced using manual processes, with eco-friendly finishes and a delicate insect stamped on the handle of each piece — a tribute to naturalism and attention to detail. The new cutlery line is produced mainly using manual processes, with eco-friendly finishes and a delicate insect stamped on the handle of each piece — a tribute to Raphael's naturalism and attention to detail. The 100% linen textile collection features soft tones such as natural white, misty blue and terracotta, punctuated by dragonflies and butterflies that evoke a serene stroll through nature. The stonewash finish adds a relaxed and versatile touch to this visual melody. Both lines extend Bordallo Pinheiro's artistic inspiration, remaining loyal to the creative spirit and harmony with nature that define the brand.

Visitors will also be able to admire the extensive collection of Bordallo Pinheiro jugs, which continue to surprise and conquer admirers around the world. Among the special creations, the collaborations with Claudia Schiffer — *Gudrun* and *Cloudy Butterflies* — stand out, combining the brand's know-how with an international and innovative vision of design. Bordallo Pinheiro reinforces its status as a benchmark in artistic ceramics, masterfully combining tradition and the innovative.

ABOUT BORDALLO PINHEIRO

The Factory Fábrica de Faianças das Caldas da Rainha was founded in 1884, combining the traditional arts of ceramics, the modernity of various styles that announced themselves as the future, and the originality and irreverence of its creator, Raphael Bordallo Pinheiro. Thus, the first pieces were produced, which even today, are inseparable from our imagination, full of creativity and humour, marked by social conscience and the transgression of pre-conceived ideas.

The acquisition of the company by Grupo Visabeira in 2009 rescued this valuable heritage, ensuring the continuity of a company of outstanding artistic renown that is intertwined with the national cultural heritage. Using much of the century-old techniques to reproduce models, the factory continues to recover the rich and vast Bordallian legacy and, animated by the same pioneering spirit that gave rise to it, creates contemporary products, reinforcing its partnership with renowned artists of contemporary art and basing its prestige in the various markets it does business in. Names such as Claudia Schiffer, VHILS, Estúdio Campana, Nini Andrade, Joana Vasconcelos, Paula Rego, Maria Lynch and Vik Muniz among others, carry on the spirit and work of Raphael Bordallo Pinheiro, whether through reinterpretations of his works or whether through their own works that are strikingly inspired by the legacy that Raphael left behind.

Recognized worldwide, the brand's collections have been awarded with the highest design awards to recognise talent in this area. Awards such as the *German Design Awards*, *Iconic Awards* and *European Product Design Awards* are already part of the history of Bordallo Pinheiro.

Currently, the main international markets are France, Italy, Spain, the United Kingdom, the Netherlands, Sweden, the United States and Japan. The brand is available, online, worldwide, winning over more and more admirers.
