Reflections, Textures, and Light: Platex Unveils Its Universe at Maison & Objet

On the occasion of **Maison & Objet**, **Platex** celebrates **75 years of French craftsmanship** and unveils a new couture collection — an ode to materials and light.

Six exquisite creations — **Feuille d'Or, Feuille d'Argent, Tortue, Ambre, Dune, and Cannage** — come to life in delicate acrylic, crafted like a precious case. Precious reflections, mineral glimmers, organic transparencies, and artisanal vibrations compose an elegant symphony where each tray becomes a landscape, a fragment of emotion.

Gold and silver capture the sparkle of daylight, amber and tortoise envelop in warm depths, while dune and cannage evoke horizons, materiality, and the memory of skilled hands.

This collection embodies the art of entertaining with grace and modernity, transforming living spaces and events into true stages of French elegance.
