RAMI bowls – Handcrafted excellence

Elaborate craftsmanship. Beautiful! The new RAMI series is for lovers of artistic excellence. © Klatt Objects

Fancy a collector's item? With the three bowls in the new RAMI series from Klatt Objects, designer and brand founder Detlef Klatt has fulfilled a little dream: eye-catching and soul-soothing, a design statement and a commitment to traditional craftsmanship. The impressive bowls captivate with their elaborate decoration, which Detlef Klatt has previously used in only a few select series such as ANNA and COCOON. The delicate pattern is created in a traditional multi-step process. In this process, several layers of coloured porcelain are applied to the unfired bone china and fine lines are worked into the soft surface by hand. Two careful firing processes harden the pattern. The finish is a protective glaze whose deep shine really brings out the delicacy of the decoration.

The bowls in the RAMI series are available in three sizes: 12.5 cm, 24.5 cm and 31.5 cm in diameter. With this series, Klatt Objects appeals to lovers of unique handcrafted pieces as well as the upscale hotel and restaurant industry. The RAMI series will be on display for the first time at Maison & Objects in Paris.
