PRESS RELEASE

Shangies by Stilov launches Unisex#2 – Chunky, edgy style meets everyday comfort

Copenhagen, July 2025 - Shangies by Stilov expands its range of stylish sandals with the introduction of Unisex#2 – a bold new evolution of the popular Unisex#1. The new style will be showcased at Maison & Objet, highlighting the brand's ongoing innovation in creating versatile, high-quality footwear for everyday life.

Unisex#2 features the brand's well-known wide straps, now upgraded with double-crossed bands, an adjustable heel strap, and a thicker sole - making it even more durable and comfortable.

Designed for both men and women who want a sandal with added edge, Unisex#2 comes in sizes 35/36 to 46/47. Its chunky silhouette and flexible fit make it ideal for adventures in the city as well as in nature – a model created to follow you wherever you go.

"Our Unisex#1 has been a huge success, and we have received many requests for a chunkier look with a heel strap," says Maria Stilov, founder of Shangies by Stilov. "We wanted to create a style that dares to stand out – a sandal with a raw, chunky look that is also comfortable to wear. Unisex#2 is a statement piece. It is designed for anyone who wants to move freely with style and comfort – whether in the city or in the nature."

The new style launched in the colour Rebel ranger, inspired by nature's raw strength. Its deep, earthy tone creates a robust and resilient look that effortlessly suits all types of terrain. More colourways will be revealed at Maison & Objet, January 2026.

About Shangies by Stilov

Shangies by Stilov is a Danish brand founded in 2016 with a passion for creating timeless and functional products. The vision behind Shangies is to develop high quality products for the entire family - designed with lightness, versatility and durability in mind.

Shangies started with unique and colourful jute sandals for both indoor and outdoor use. Since, the collection has expanded to include Shangies Bags and Keychains. Today, the brand is represented by more than 350 carefully selected retailers across 30 countries worldwide.
