## **SUITE702 launches satin bed linen in ten rich colours** *Delicate matte sheen for a stylish and relaxing sleep environment*

Lifestyle brand SUITE702 expands its bed linen collection with the introduction of satin duvet covers and pillowcases. The items in the collection are available in ten rich colours, each with a subtle, matte sheen. All duvet covers and pillowcases are made from 100% organic GOTS-certified cotton. The new satin collection brings a sense of refined luxury to the bedroom. Products are available individually or as sets, via the SUITE702 webshop and selected retailers.

The satin duvet covers and pillowcases are available in ten timeless colours: Butter Cream, Caramel, Champagne, Ecru, Khaki Green, Ocean Blue, Olive Gold, Red Wine, Taupe grey, and White. They are produced from high-quality organic cotton with a subtle sheen, giving the covers a luxurious appearance and a soft touch. Darker colours, such as Red Wine, Khaki Green, and Olive Gold, create a warm, cozy atmosphere in the bedroom, while lighter shades like Butter Cream, Ecru, and Champagne convey freshness and serenity.

### Cozy and Comfortable

While satin is usually known for its pronounced sheen, the new SUITE702 line stands out with a subtle matte glow and a pleasant ‘crispy touch’. The fabrics are more densely woven with a higher thread count, providing extra warmth and a comfortable feel. Shirley Muijers, co-founder of SUITE702 and textile designer, says: “Satin is the perfect fabric to sleep under during the colder months. Its smoothness envelops the body, making it feel warmer than percale cotton. Our matte-gloss satin collection is stylish: it catches the light subtly without overpowering it.”
