FERROLUCE

Ferroluce Unveils New Collections at Maison & Objet 2026

From January 15 to 19, the Italian interior lighting brand, renowned for its leadership in ceramic craftsmanship, returns to illuminate the French capital with two exclusive new additions to the DECò collection.

Romans d'Isonzo, December 15, 2025 – From the heart of Friuli to the heart of France, Ferroluce returns to Maison & Objet, the international trade fair that shapes innovation and anticipates trends in interior lighting, design, and lifestyle. This participation further strengthens the brand's presence, marking its third consecutive year as a standout exhibitor beyond the Alps.

For this edition, Ferroluce will unveil two new lamps from the **DECò** in preview, expanding one of the collection's existing families with highly requested market solutions: a pendant light and a ceiling fixture.

Specializing in the design and manufacture of lighting fixtures and accessories, **Italian brand Ferroluce once again proves its ability to respond to the evolving demands of a more informed and discerning audience**. The expansion of the collection, which will be officially revealed at the fair, also underscores Ferroluce's forward-looking strategy. Looking ahead to Euroluce 2027, the brand has already announced a series of upcoming launches aimed at consolidating its uniqueness in the decorative lighting sector.

The theme of this year's edition of Maison & Objet, **PAST REVEALS FUTURE**, is of particular significance: a reflection on design's return to its roots as a means of elevation, reinterpreting the traditions of the past through a contemporary lens, and carrying forward knowledge, craftsmanship, and memory into the present and the future.

This philosophy lies at the very heart of Ferroluce's production, born over forty years ago and since becoming the essence of the brand itself. A philosophy deeply rooted in tradition and shaped by the present, evolving with purpose while preserving and enhancing the heritage that defines Ferroluce.

Discover Ferroluce at Maison & Objet, where design, innovation, and style come together to illuminate everyday life.

Enjoy!
