Dear customers,

As we welcome a new year and present our latest magazine for 2026, we want to take a moment to thank you for your continued trust and loyalty. This past year, we visited many stores around the world and were so inspired by how our collections were presented. It's always wonderful to see how our designs come to life in different settings.

This year, our collection reflects the same spirit that defines us: functional designs with a bold and confident character.

We've worked closely with talented designers who share our philosophy of creating timeless products with a strong signature. One of the highlights is our new portable lamp, a piece that perfectly blends style and practicality, suitable for both indoor and outdoor use.

We would be delighted to welcome you to our showroom in Amsterdam Noord. The coffee is always ready, and we invite you to visit us by appointment. It's the perfect place to experience our latest creations and enjoy a moment of inspiration together.

We hope this new collection sparks your creativity as much as it inspires ours. Here's to another year of collaboration, innovation, and beautiful moments shared.

**Warm regards,
Berdien & Gerbrand**

A good design stays good. Functional, timeless and high-quality – and certainly never boring. That's why our unique designs always have a typical &klevering flair: cool, colourful and quirky. We hold on to that vision as we create every collection. From the first sketch to the final touch, we are as committed to each new collection as we were to all the previous ones. It takes real teamwork, because we can only stay original – and preserve our DNA – if we work together. We believe that with our whole hearts.
