SUNSET

The Sunset range is a tribute to Retro Space Age style. Its stacks of glass with subtle colored nuances create a truly warm atmosphere. In the amber version, the glassware diffuses colored light effects like a sunset on the walls of the room, like a memory captured on a Polaroid at golden hour. Its fog version, in gradient milky glass, evokes the subdued and urban light of the morning fog of Los Angeles. Its perforated metal, with chrome highlights, lets light from the globe of the bulb filter, like the sun through the blinds of a bay window. Revisiting the shapes and details of retro lighting, the Sunset range plays with the new codes of luxury through its materials and its shades of color bringing a twist of chic and glamorous modernity to the range.
