UMAGE

PAFF STONE TOPS | PRESS RELEASE

PAFF STONE TOPS

For a grounded, refined expression, UMAGE is now introducing Emparador marble and travertine to the Paff collection. With their warm tones and natural textures, the new surfaces enhance Paff's sculptural presence while reinforcing its quiet, grounding expression.

Designed by Søren Ravn Christensen, Paff is a collection of adaptable design pieces that bring both function and character to the home. Whether used as a side table or coffee table, Paff is always ready to adapt and evolve with your needs.

The new Emparador marble top adds depth with its dark brown tones and subtle veining, bringing an elegant contrast to light interiors. In travertine, the table takes on a softer, more organic character, with the stone's tactile surface adding warmth and natural calm to the room.

Whether placed beside the bed, next to your favourite reading chair, or in a hotel lounge setting, Paff offers a refined surface to rest your coffee, book or daily essentials.

UMAGE is a Danish word meaning 'making an effort', and that's what we
want to do every day. UMAGE is where beautiful Danish design meets affordability,
high-quality material, and a genuine care for the environment.
