Thus, the **Saint-Rémy** basket was born from a love of Provence—its light, colors and natural landscapes, best enjoyed during a picnic. With its natural wicker and fabric inspired by the olive green so emblematic of the region, this complete picnic basket for four people is set to be one of the highlights of the summer.

The **Giverny** blue basket, whose success has continued unabated since its creation, is now available in a new yellow colorway. Still as floral and bucolic as ever, this complete basket for two features an insulated compartment, beautiful porcelain plates and foldable handles, making it ideal for chic and gourmet picnics.

The **Belle-Île** basket was designed for lovers of beach picnics. Fully equipped for four people, it features a large insulated compartment, while its removable wooden table is the true highlight of this uniquely designed model.

The **Belleville** picnic basket will undoubtedly be the chic must-have of the upcoming picnic season. Designed as versatile everyday companions, these baskets are ideal for everything from spontaneous picnics and grocery runs to strolls through the market. Featuring a foldable aluminum handle with a comfortable grip, they combine practicality with elegance.

The insulated compartment keeps food and drinks at the right temperature, making these baskets essential for both outdoor outings and urban use.

Wicker storage baskets and bread baskets

Les Jardins de la Comtesse expand their universe with a new home-focused offering, designed to bring elegance to everyday routines. Created for the kitchen, storage, bathroom and interior decoration, this collection of wicker baskets combines functionality, aesthetic appeal and artisanal craftsmanship.

The storage baskets, entirely handwoven, are offered in honey-colored wicker with white or beige fabric, in a set of three baskets in different sizes. They are also available in white wicker with white fabric, in a set of four baskets. Featuring removable fabric liners, these baskets adapt easily to everyday needs while adding a chic, natural touch to interiors.

Bread baskets complete this new line with elegance. They are available in two sizes: a small basket measuring 28 × 17 cm and a larger model measuring 49 × 18 cm. Thanks to their removable fabric liners, they are easy to care for and perfectly suited for daily use. Both practical and decorative, these pieces are ideal for enhancing the table and bread service with refined style.
